

CN-503 Internet of Things (IoT)
MS (CS)
Project Weightage: 20%

Project Evaluation Timeline:

1) Formal Evaluation – I : Tuesday 6th November, 2018 [11 AM - 5 PM]. Weightage: 5%

You will bring your respective proto-types, research papers in the above mentioned hours for evaluation and feedback to the IoT lab (first floor, library building). You will also be briefed about the final submission requirements.

2) Formal Evaluation – II : Friday 23rd November, 2018 [5 PM]. Weightage: 15%

You will submit a writtern report of your development project OR a research paper via Slate by the above deadline.

Note:

- (i) Failing to submit work for either evaluation will result in zero mark in the project.
- (ii) All submissions (project report/paper) should be IEEE conference format and adhere to IEEE referencing style.
